Forward looking statement

To the extent that any statements made in this presentation contain information that is not historical, these statements are essentially forward-looking. The achievement of forward-looking statements contained in this presentation is subject to risks and uncertainties because of a number of factors, including general economic factors, interest rate and foreign currency exchange rate fluctuations; changing market conditions, product competition, the nature of product development, impact of acquisitions and divestitures, restructurings, products withdrawals; regulatory approval processes and other unusual items. Consequently, actual results may differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements can be identified by the use of words such as "expects," "plans," "will," "believes," "may," "could," "estimates," "intends," "targets," "objectives," "potential," "outlook", and other words of similar meaning. Should known or unknown risks or uncertainties materialize, or should our assumptions prove inaccurate, actual results could vary materially from those anticipated. The Company undertakes no obligation to publicly update any forward-looking statements. This presentation is directed to financial analysts and institutional investors and is not to be considered as an incentive to invest or as an offer to acquire shares. The information herein is extracted from the Company annual and half-year reports and press releases but does not reproduce the whole content of these documents. Only the French annual and half-year report and press releases form legal evidence.
